

Accu-Router® Performance & World Class Support *Within Your Budget!*

Certified Pre-Owned II-M Lease Special – ONLY ONE AVAILABLE!
\$50k with New 15HP liquid-chilled HSK quick-change spindle!

- New in 1993, built at Accu-Router, Inc.
- Heavy, welded steel structure with a fixed bridge design – *compare to lighter moving bridge designs with less reliability and uptime*
- XR-15 precision high-speed spindle with HSK push-button quick change – *no comparison in the CNC router market ... free loaner if your spindle requires service (\$35k with pre-owned Perske collet)*
- 31.5" X 59" aluminum machine table with a 3 HP Busch vacuum system
- GE Fanuc # OMA CNC control with 32K of memory – *compare to cheaper PC-based controls!*
- Rapid positioning feedrates are 600 ipm (X & Y) and 200 ipm (Z); Z travel is 6"
- Single owner in plastics fabrication – well-maintained and thoroughly inspected by Accu-Router
- Closed loop, DC servo motors
- Offered with a 30 day warranty
- Industry-leading service, applications support and training
